Well done

design by **Danilo Fedeli**

● Well done è una scaletta dalla forma geometrica pura, capace di soddisfare molteplici funzioni. La struttura si appoggia alla parete e arreda lo spazio nella quale viene inserita.

Well done is a ladder with a pure geometric shape, capable of satisfying multiple functions. The structure rests on the wall and decorates the space in which it is inserted.

Zero 16

design by **Danilo Fedeli**

● Un sistema integrato di accessori che prende il nome dal diametro del tubo con cui è realizzato. Un oggetto dalla forma morbida che contiene al suo interno uno specchio, una mensola di appoggio ed un portasalviette. Zero16, quando il design diventa innovazione.

Layer

design by **Danilo Fedeli**

● Il progetto Layer racconta una visione architettonica all'interno dello specchio. Livelli di colore, riflessioni e trasparenze creano un unicum con una cornice di alluminio che definisce le superfici dentro racchiuse.

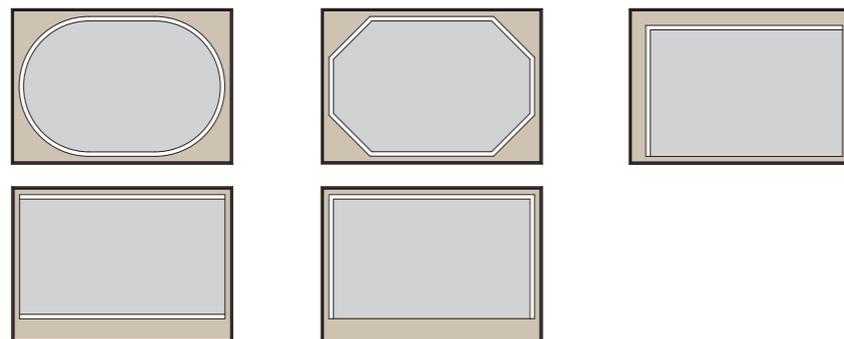

The Layer project tells an architectural vision inside the mirror. Layers of colour, reflections and transparencies create a uniqueness with an aluminium frame that defines the enclosed surfaces.
