Pure 240 integrated console — Pietra Grey

Pure 240 integrated console — Pietra Grey

Shiro 120 integrated console  
Synergy furniture 2 drawers — Listello NCS S 2030 Y70R  
Synergy wall cabinet and wall hung vanity cabinet — Listello Blanco Roto

**IT.** L'essenza di Fiora è l'innovazione. Per questo abbiamo introdotto nuovi materiali che si uniscono al poliuretano. Piani d'appoggio e lavabi in monomateriale, sia in solid surface che in una gamma di cinque pietre naturali di diversa origine e tonalità. In tal modo, si moltiplicano le possibilità di personalizzare ogni singola collezione.

**EN.** Innovation is the essence of Fiora. This is why we use new materials along with polyurethane. Single-material countertops and washbasins, in solid surface as well as a range of five natural stones from different sources with varied tones. This multiplies the options for personalization in each collection.

Shiro 100 integrated console  
Wall cabinet Making — Oak Capuccino

Shiro 120 integrated console  
Countertop washbasin Sottile 45

Pure 160 countertop — Negro Marquina  
Sottile 75 countertop washbasin  
Synergy furniture 1 drawer — Surato Bone  
Synergy wall hung vanity cabinet — Surato Bone

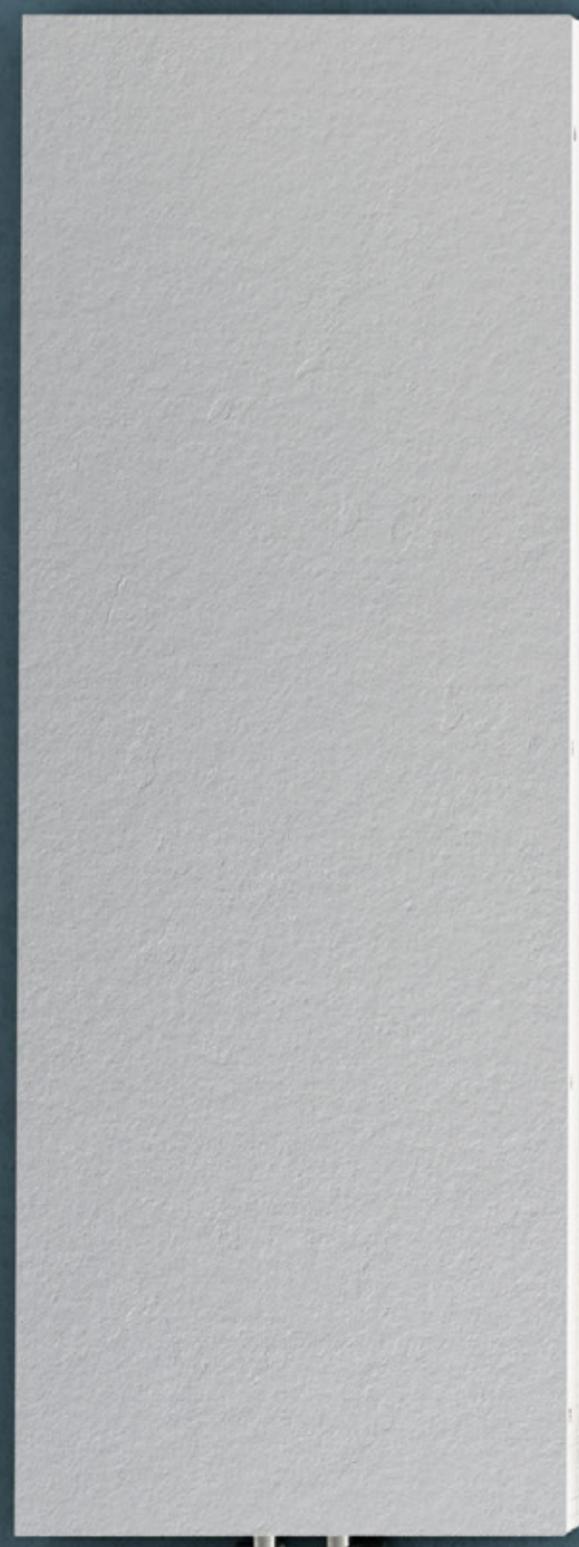

**IT.** Questa novità risponde ai trend nell'arredo bagno, dove il poliuretano e la sua alta capacità di riproduzione di texture, si combinano con nuove finiture, con una maggior presenza materica nel design. La texture satinata e la capacità di malleabilità del solid surface, la bellezza senza tempo della pietra naturale ed il carattere del poliuretano si coniugano per creare degli spazi unici.

**EN.** Fiora is responding to trends in bathroom furniture, where polyurethane and its capacity to reproduce textures are combined with new finishes, with materials assuming greater importance within the design. The satin texture and malleable nature of solid surface, the timeless beauty of natural stone and the character of polyurethane come together to create unique places.

Pure 160 countertop for washbasin — Bianco Carrara  
Sotile 60 countertop washbasin  
Making dressing table — Liso Nude

# Spring Texture

by Simone Polga

Spring nasce dal parallelismo grafico tra la texture di una foglia vista attraverso un microscopio ed il terreno arido tipico dei climi secchi. Ciò ha permesso al designer di creare una texture che si inserisce esteticamente e concettualmente nel bagno che, però, allo stesso tempo funge da elemento di sensibilizzazione sul bisogno di rispettare un bene essenziale per l'umanità: l'acqua. Spring è una serie d'autore limitata a sole 5.000 unità.

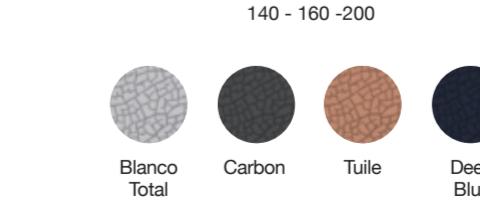

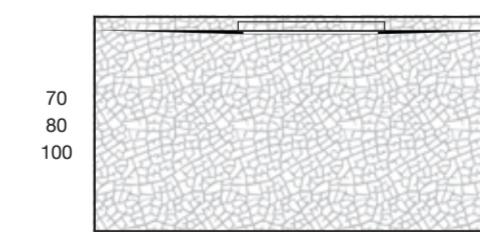

Il progetto muove dall'analisi di due fenomeni naturali: la fotosintesi clorofilliana, un processo fondamentale per la vita stessa, e la siccità, un evento con segna un'autentica rottura dell'equilibrio naturale.

— Simone Polga

Spring has been conceived from the graphic parallelism of a leaf, as seen through a microscope, and the arid terrain of dry climates. This has allowed the designer to create a texture that aesthetically matches the bathroom, but that also functions as an awareness of the need to respect the most basic need of humanity, which is water. Spring has been produced in a limited edition of 5,000 units.

The designer's creation arises from the analysis of two natural phenomena: the photosynthesis of chlorophyll, one of life's essential processes, and droughts, a rupture of Nature's equilibrium.

— Simone Polga
