BALINESE STYLE, CONTEMPORARY DESIGN

Bali: the name is enough to evoke the distinctive decorative style of the fascinating Indonesian island.

A mystical trend that today we also find in interior architecture and which in various forms has become synonymous with harmony with nature. Let yourself be inspired by this style when designing your spaces.

Light, air, neutral shades and natural materials, including bamboo, straw and palm fronds, are some of the recurring elements in exotic interiors, designed to encourage sociality, contemplation and harmony with the surrounding landscape. Furnished with seats, furniture and low tables in carved wood, as per the artisan traditions, the exotic interiors have no perimeter walls, which may be replaced by spectacular curtains.

Get inspired and add your personal touch.
